June 2022

Among difficulties you can find
opportunities

Welcome Back to The Tag Times!

The June holidays are over and we return to school for the second half of the year.

Looking back on the Tag classes

The TAG class system was, in many ways, a “pilot programme”. It started off with just 3 classes, but now it has been extended to the entire NHPS cohort from P4 to P6, starting from the P4s in 2020. So classes from P4 to P6 will have TAG classes too.

Book of the Month

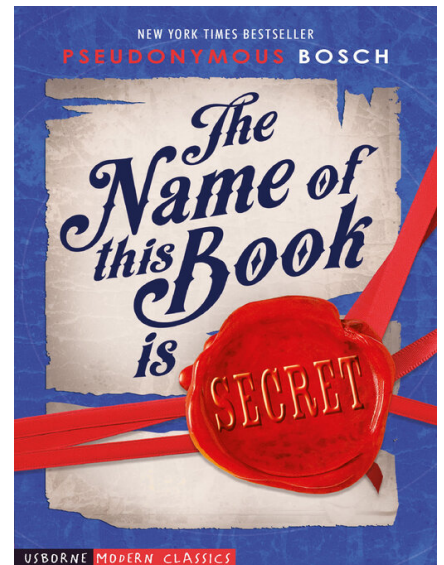

The Name of this Book is SECRET

By Pseudonymous Bosch

“What is not enough for one, Just right for two,
Too much for three?” A Secret! :)

This book is conversational and has some humour too! The story in this SECRET book is very exciting and it will definitely make you want to read the entire [secret book series](#) (don't read the story plot if you want it to be a secret!)

P.S. Well, if you want to find out what happens in this book, you may read it, just keep it... a secret. Btw, to know the secret, you need to read the 5th book (Book title: You have to stop this). But what fun will it be if you don't read the first 4? :)

Quotes of the Month

1. The tag times is cool... ok...
2. Knowledge not shared remains unknown — From the book series: Mr Lemoncello
