## Things to do to celebrate the end of Term 1

*Term 1 has been over for more than 1 week but yea*

By Lok Kit

Hii reader! Term 1 of secondary school has finally ended so congratulations to everyone for finishing it :D

In this article, we will mainly be suggesting some ideas you could do since the term has ended :D

1. It's been a while since we have seen all of our primary school friends so why not give them a check-in call or just text them, to see how they're going :) You could make someone's day by just doing that :D

2. Hmmmm why not reflect back on what we did in term 1?  
Orientation, making new friends, adapting to secondary school, having new subjects, that's quite a lot of things to handle. So maybe you can take a piece of paper, sit down and just note down some things you are grateful for this term, what you hope to achieve next term and how you think you can do so :D
3. To relax, you can definitely do some crafts :D Go around your house and search for materials that could be recycled and BE CREATIVE!!! Make some useful items like pencil stands, books stands etc. The fun part is to come up with more ideas :D
4. Do some packing :D Throughout this term, you no doubt have many more new books and items to store, so why not pack up some stuff that you probably don't need anymore :) In this process, you could even dig up some items from your childhood and reminisce the good old times :D
5. Doodle! Take out a sketchbook and just draw whatever you think of, it does not need to be perfect artwork, just let your hand guide the pen and draw! Draw everyday, draw anything! It's a great way to relax :)
6. Consolidate your notes for this term  Throughout this term, notes would have been taken, be it for academic purposes or just things you see from day to day :) Consolidate them, simplify them and of course organise them :) When we take notes, especially during fast paced periods, we might not be able to capture everything down neatly, making it confusing and unreadable. So maybe we can reorganise them and in the process even realise something we did not see before :)

Of course, there are many other things you can do but we hope these ideas help :) Most importantly, HAVE A GREAT MARCH HOLIDAYS! 🎉🎉🎉 Jiayous for the next term :)

YOU CAN DO IT! :DDDDDD

# Flight MU5735 Incident

*A very sad and tragic incident oof*

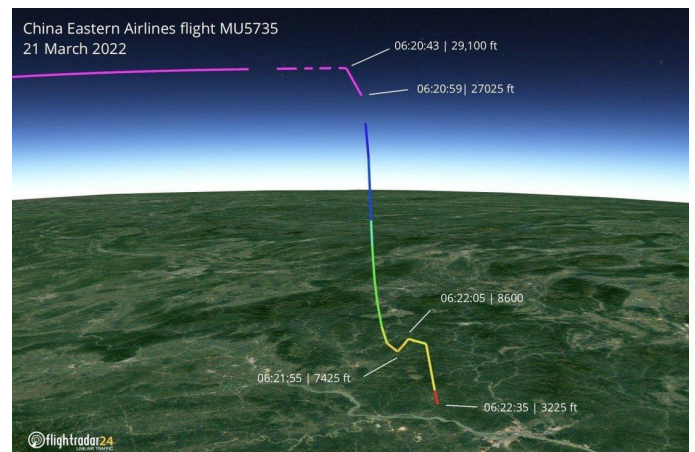

By Tenglong

On 21 March, 2022, 1:11pm, a Boeing 737 plane, MU5735, departed from Kunming Airport, scheduled to arrive at Guangzhou Baiyun International Airport at 3:05pm. During the flight, there were 3 pilots, who were in good health. The plane was on cruise until 2:20pm. The plane started nose diving downwards at high speed.

After around one minute, when the height of the plane was 2.2km, the plane started to increase height (as shown in picture), probably the pilot was trying to gain control of the plane.

Very unfortunately :( , it did not last long, and the plane crashed into a forest. Many investigations are ongoing in the area. The police found both two black boxes that allowed the police to view the flight information and hear the recordings of the sounds in the cockpit. More analysis of the boxes will be done.

It is indeed very sad that this incident happened. I felt great sympathy for the victims of the flight. I hope that this won't happen again in the future.

# An official NHPS newspaper might be coming soon

*Wow ok*

By Zixi

New leaked information :o has revealed that there is a high chance that an official NHPS newspaper (not just for the tag people) might be coming soon. Last year, during Project Edison, where students were able to submit ideas for the school, someone submitted an idea for an NHPS newspaper. During the March holidays, some shortlisted ideas were presented to the Prefectorial Board, and the NHPS newspaper idea was among those shortlisted. The prefects discussed ideas on how they would implement the ideas. So basically, an official NHPS newspaper might be coming soon, and according to the idea submitted, the idea was to let the Little Journalists make the newspaper.

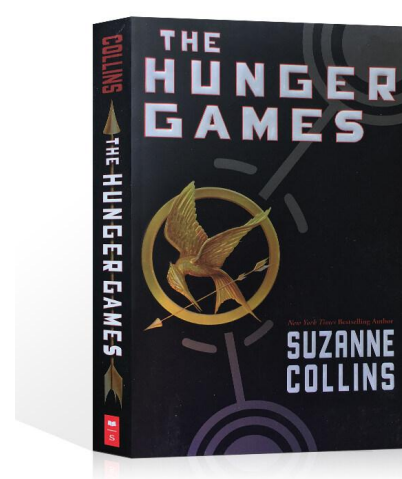

If a newspaper does actually appear sometime soon, we will probably leak it and put it here on The Tag Times. Yay
